To Whom it May Concern:

Chimaera Gaming, Inc. has the pleasure of recommending MechCorps (<http://www.mechcorps.com>) as entertainment for gaming and scifi/fantasy conventions.

MechCorps was very popular at Chimaeracon 2008. Our convention space is a converted storefront in a local mall. We placed MechCorps' simulator pods in the convention center's lobby, where they attracted attention from both con attendees and mall customers.

We are hosting MechCorps in the same location this year and expect the pods to attract customers. We hope to convert some of the curious passerby into paying con attendees.

Chimaera Gaming, Inc., plans to invite MechCorps back to Chimaeracon every year. We think you will enjoy the high-tech gaming experience they can provide.

Sincerely,

Gilder Anne McCarroll
Publicist, Chimaeracon
